

Da Vinci's Workshop

The Black Rock Yearbook

Burning Man 2016

2016 YEARBOOK

Every year, about 70,000 people spill onto the dry lake bed that is Black Rock City ("BRC" or AKA Burning Man). Lasting only a week, this temporary city in Nevada is based on 10 principles:

Radical Inclusion

Gifting

Decommodification

Radical Self-Reliance

Radical Self-Expression

Communal Effort

Civic Responsibility

Leaving No Trace

Participation

Immediacy

The 2016 Burning Man theme was DaVinci's Workshop, so the city was as imagined via the 15th & 16th Century Italian Renaissance. This theme combined Burning Man art, maker culture, and creative philanthropy to make BRC the epicenter of a current renaissance with the Vitruvian-style Man in the center of a town square surrounded by guilds.

2016 Stats include: 316 place art installations with 58 funded thru \$1.2m in BRC arts grant funding, David Best's 10th Temple, 624 Mutant Vehicles, 917 lanterns lit each night, 686 public yellow bikes, 7500 pounds of aluminum recycled, and 1359 camps (including yours truly "Black Rock Yearbook").

In 2016, BlackRock Yearbook Camp (that's us!) celebrated its 10th anniversary on the Playa! Wow, time really does fly... We started in 2007 as a theme camp with the intent of creating a large photo project reminiscent of a high school yearbook, but with that magical Burning Man spin to capture the beauty of the citizens of this mind bending city. This year we were located between Center Camp Ring and the Esplanade. We were happily staffed by about 50 campers who worked hard to make this thing happen. Approximately 1100 people come thru our photo studio and we poured about 60 gallons of Arnold Palmer whiskeys in our lounge. We have 2 guiding rules - only Playa names are used for photos (if you don't already have one, you were given one) and we strive to include everybody who got a picture taken.

We hope you enjoy the 2016 edition - please share it & visit us on Playa this year!
We hope to give you the sense of the magic & creativity which Burning Man thrives on...
