WWW.BLACKROCKYEARBOOK.COM

WHAT IS THIS?

Every year, about 70,000 people pilgrimage onto a dry lake bed to create a temporary community called Black Rock City (aka, Burning Man).

What is Burning Man? We will let these pages give you a sense and your favorite internet search engine fill in the rest.

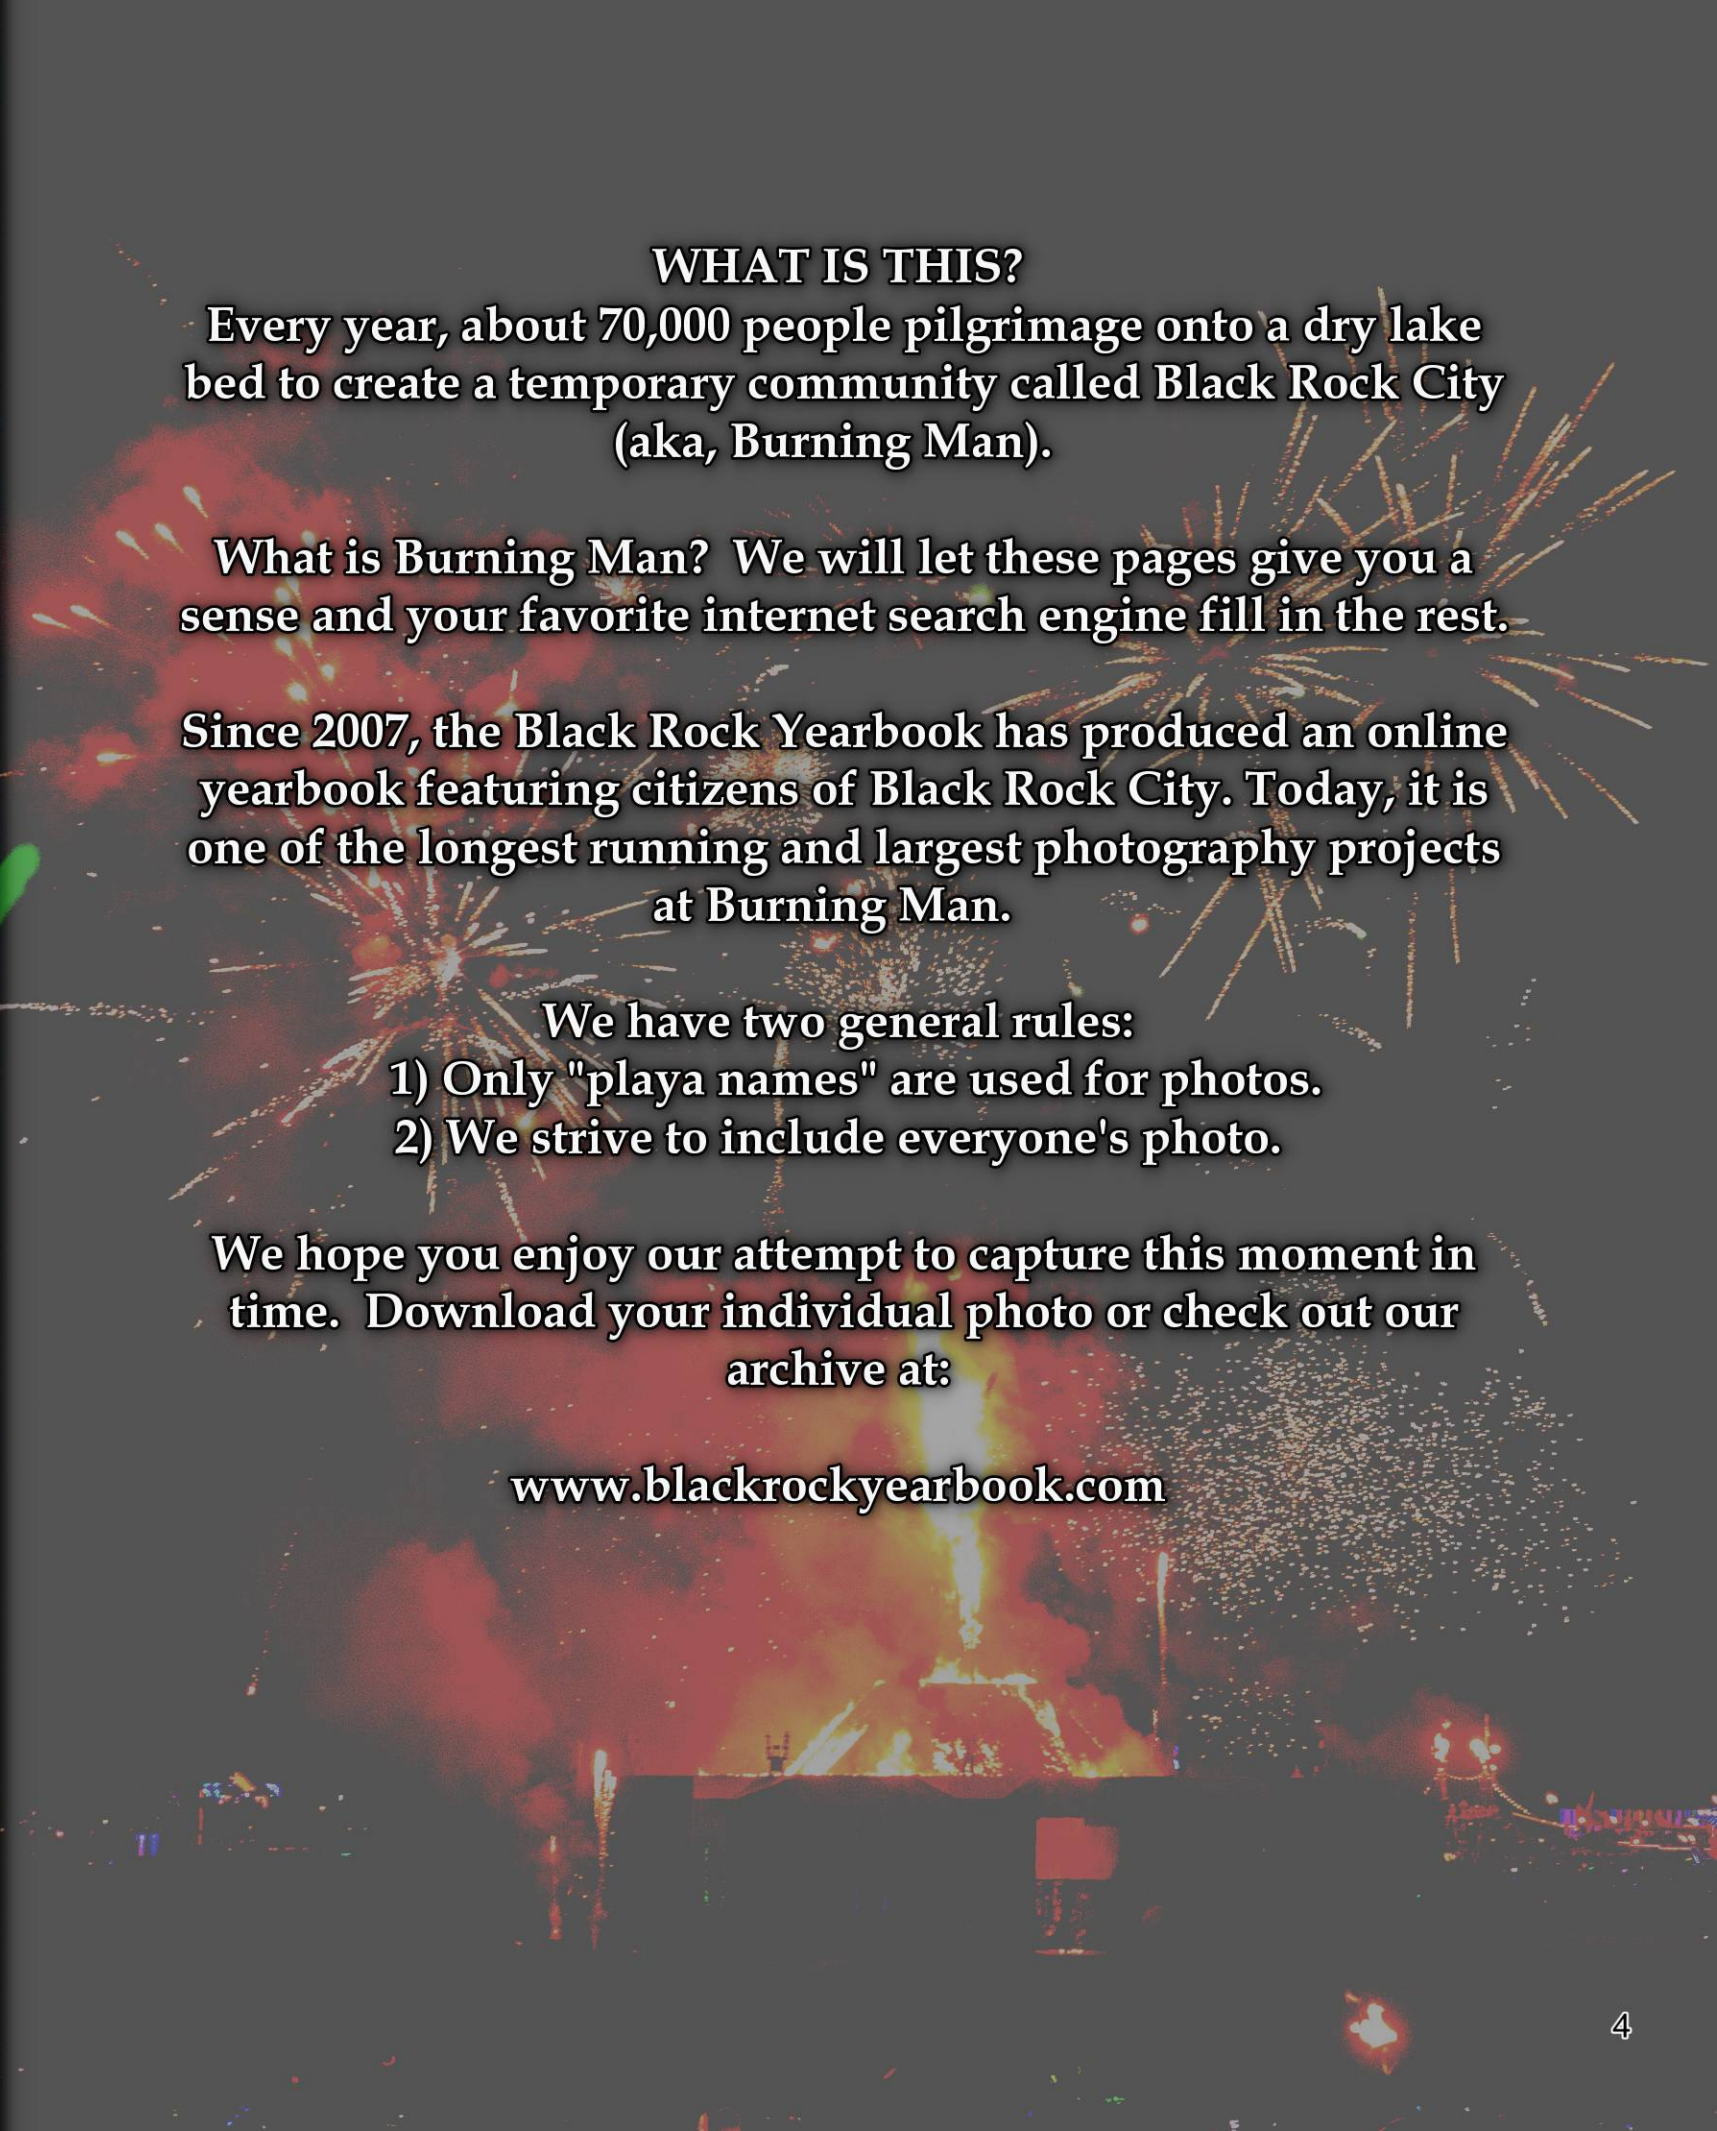

Since 2007, the Black Rock Yearbook has produced an online yearbook featuring citizens of Black Rock City. Today, it is one of the longest running and largest photography projects at Burning Man.

We have two general rules:

- 1) Only "playa names" are used for photos.
- 2) We strive to include everyone's photo.

We hope you enjoy our attempt to capture this moment in time. Download your individual photo or check out our archive at:
